Become a Dance West SUPPORTER!

Arts and Communication Magnet Academy located in Beaverton, is the only public middle/high school in Oregon offering pre-professional dance training, while providing a comprehensive educational experience for students from all socioeconomic backgrounds. The school provides incredible opportunities for students to learn and grow in a wide range of artistic disciplines, and in return the students enrich the community by offering professional quality performances in ACMA's state-of-the-art Visual and Performing Arts Center and within the greater Portland Metro community. While we are partially funded by the school district, the majority of our budget is through partnerships with parents and community. Our fundraising goal is \$10,000 for the 2016-17 school year. This will assist with procuring professional lighting and sound technicians for our concert series and in partially funding a Master Work of choreography by an icon in the world of dance. We take pride in our program which offers the highest level of training and experience for our students to enable them to move into the professional arena.

Dance West is a non-profit under the Beaverton School District so your contributions are tax-deductible.
